Continuation of Substance of Interview including description of the general nature of what was discussed: An election restriction requirement was sent out by the Office on 22 June 2006. The requirement came back as undeliverable. The examiner called the attorney confirming the address, and from the discussion, it appears that the mailing address was correct. Normally the restriction would be remailed, but the attorney chose to elect Group I, claims 1-7, with traverse, over the phone. So the previous action will be withdrawn and a new first action will be mailed out once the case has been searched.
